

Vacushrink

*Ideal for the packaging
of fresh meats and cheese*

Vacushrink high barrier, long shelf life vacuum shrink bags benefit people in meat processing plants for packaging fresh meat pieces without bones, processed meats and sausages, also in cheese processing plants for packaging cheese. The extra clarity and shine ensures customer satisfaction.

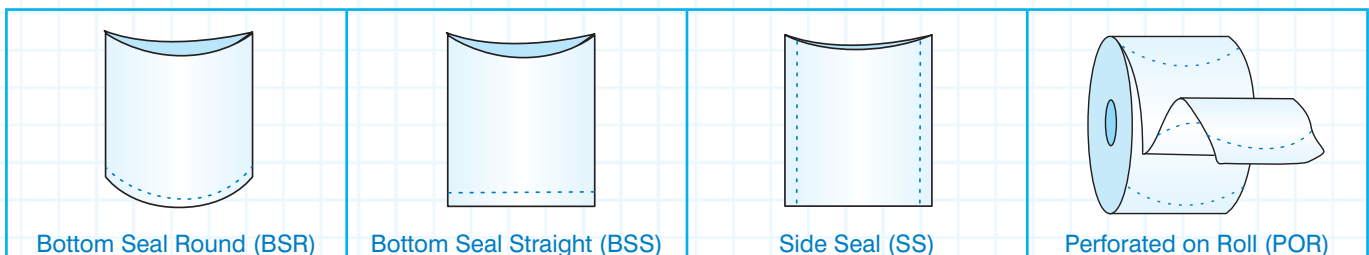

Benefits include:

- ✓ ISO certified and all major international quality certifications for both food and pharmaceutical industries.
- ✓ Outer layer does not seal to itself. Multiple packs can be sealed simultaneously with perfect pack separation. Saves packaging time.
- ✓ Extended product shelf life.
- ✓ Excellent seal under all conditions.
- ✓ 50% shrink (FM045 @90°C for 2 seconds).
- ✓ Superior materials used in the construction.
- ✓ Outer layer with extra shine for attractive appearance.
- ✓ EVOH barrier (no PVdC / Chlorine free).
- ✓ Polyamide layers for extra puncture resistance.
- ✓ Option of print (up to 10 colours).

Vacushrink is available in different thicknesses to suit various uses. This product data sheet relates to Code FM045 = 45µm thickness. See separate product data sheet for Bone Protection bags

FM045

Particularly well suited to packaging fresh meat in pieces without bones, processed meats and sausages, as well as cheese.

See over for sizes and order codes. Other sizes available on request.
